

Total revision of the Fisheries Control Regulations  
Shimane Prefectural Ordinance (1911), original  
[Takeshima Reference Room collection]

The Fishing Industry Regulations were totally reorganized by Shimane Prefectural Ordinance No. 54 issued on December 30, 1911. For the sake of aquatic animal and plant reproduction, protection and regulation, harvesting of animals and plants other than sea lions at Takeshima and in its surrounding waters was prohibited. The publication shown includes a map with the areas affected enclosed by red lines.
