## July 3<sup>rd</sup> Message from the Governor

To all citizens of Shimane Prefecture,

In response to the increase of infections in Tokyo Metropolis and the surrounding area, we request that citizens visiting the area abide by the two safety measures below.

- ① As much as possible, please refrain from nighttime travel to busy shopping and entertainment districts like Kabukichō in Shinjuku.
- ② As much as possible, please refrain from visiting stores and facilities (such as for group dining) if infection prevention measures there are insufficient (e.g. being unable to avoid the “Three Cs”).

3 July 2020

Maruyama Tatsuya  
Governor of Shimane Prefecture
